

ICS Touch Screen Kiosks Advanced Top-Up Payment System

Key Function

ICS offer two excellent Touch Screen Payment Kiosks: a compact mini & a full-sized version. Both accept payments into established accounts and issue receipts.

These kiosks are designed to work with Pcounter, the award-winning print & copy management software from ICS. Payments can be accepted for a wide variety of applications, for instance: printing & copying, topping up mobile phones, cashless catering or settling library fines.

Coins, Notes & Cards Accepted

- Floor standing version accepts coins, notes and secure chip & PIN credit/debit cards
- Mini version accepts coins and notes

Features

- Cash is stored away from the internal mechanics in a separate bay
- Extensive audit reports available, via the flexible XPR Enterprise® reporting package from ICS
- Phone line, network, GPRS or WiFi connectivity available on request
- Kiosks can be fully alarmed

Benefits

- Minimal staff support required
- Secure, reliable and scalable
- Technical support available by remote connection

About ICS

Integrated Card Solutions Limited (ICS) is the leading supplier of print & copy control products in the UK. ICS offer a wide range of intelligent software, biometric and card-based solutions, including the proprietary XPR Enterprise® range. Together, these provide a single solution for outstanding print and copy management services, access control, photo ID (including full card encryption) and many cashless applications.

Established in 1996, ICS has a broad client base including 80% of all tertiary educational establishments in the UK, local government and NHS Trusts as well as many commercial enterprises.

Using the ICS XPR Enterprise® range in conjunction with carefully selected partners, our solutions provide

- Outstanding print and copy management
- Cashless environments including cash-on-card or account based systems
- Access Control
- Flexible Photo ID

These can be combined in a one-card solution, providing an easy-to-use, scalable and flexible system. Our clients report significant cost-savings after implementation, with enhanced management control and reporting

ICS print and copy management solutions

- Can reduce your print costs by between 20% and 50%
- Provide control of how, when and where documents are printed
- Provide easy-to-use management reports.

In addition, ICS employ a talented team of software developers and have delivered customised solutions to organisation across the UK.

Delivering the best solution for *your* needs, ICS work with the best partners and people from around the world.
